Our Rooms and Age Groups

We have four Play Studios in our service, supporting the ages and stages of your child's early years. Our transitions and placements of children into our four play studios are considerate of the individual needs of children, their age, and their peer group when they transition to primary school.

ROOM NAME	AGE GROUP
Play Studio 1	Babies and young toddler aged children, aged 6 weeks to 2 years
Play Studio 2	Toddler aged children, from 2 to 3 years
Play Studio 3/4	Preschool aged children, from 3 to 5 years. These studios incorporate a preschool aged program for children who will transition to school the following year.

I appreciate the time it takes to get to know a new child - particularly one so young! Their unique personalities and preferences, and to work with these each day."

The Nightcliff Campus

Nightcliff Campus offers an Early Learning Centre and OSHC service in partnership with Nightcliff Primary School for children aged 6 weeks - 12 years.

At Nightcliff Campus, the children are at the forefront of every decision that is made. Our community partnership provides seamless transitions between learning environments and programs, which supports a continuity of education and care for all children. Families are an integral part of their children's education and care, and their voices are visible within our programs.

Within our learning environments, you will see the children making choices for their own play and learning, complimented with intentional teaching and learning opportunities provided by our Educators. Children are encouraged to connect with nature, take considered risks and solve problems. They are supported to form friendships, learn about themselves and about the community.

Attachments and respectful relationships with children are key to quality outcomes for children. Our Educators take the time to form strong attachments with children, while working in partnership with their families to provide a holistic approach to education and care.

Our Philosophy

- Our learning is visible;
- We respect the land that we are part of;
- Our educators are caring and innovative;
- Our service is a place of belonging, learning, and play;
- Our environments are purposeful places of exploration and discovery;
- Our curriculum is intentional, holistic and responsive;
- We provide respectful, age appropriate learning and care for each child;
- Our connections with families are honoured and we understand the importance of community.

"The educators are what make this centre such a great environment for our children, like a big family. They are kind, warm and genuine, and always share plenty of feedback at the end of the day. I'm so grateful to all of them."

Welcome to Child Australia Nightcliff Campus

OSHC and Vacation Care!

Our Philosophy

Nightcliff Campus aims to provide safe, play-based programs for children in our school community.

Our goal is to positively enable all children to develop their full potential. We offer an environment where children are encouraged to foster friendships. We provide opportunities to develop social skills, leadership qualities, confidence and resilience.

We aim to foster the concept of ownership of our service. Children are encouraged to share ideas and input into the program. Freedom of choice in experiences that encourage exploration and inquiry is balanced with an exciting program.

Hello and Welcome!

My name is Renee Donaldson, and I am the Director of Child Australia Nightcliff Campus.

At Nightcliff OSHC, we believe in enabling children to think of OSHC as an extension to family and feeling welcome and comfortable in their environment.

The team does this by supporting and extending children's ideas and to provide children with the autonomy to take ownership of their spaces.

Our team builds authentic connections with the children and their families and use these connections to inform programs alongside the partnerships within the Nightcliff Primary School community - and beyond!

Vacation Care

Our Vacation care program operates throughout the school holidays and offers exciting incursions and excursions.

The basis of our Vacation Care service is for the children to enjoy their holiday. We aim to provide the children with adequate free time for unstructured, self-directed play as well as time for structured activities to meet individual and group needs.

For more information please see the program published on our Facebook page 1 month prior to each vacation care period.
