

Welcome to Child Australia Wagaman OSHC

OSHC and Vacation Care

Our Philosophy

We believe in providing quality care in a safe, happy and caring environment.

We offer a daily plan of activities that are play-based, child-centered and inclusive experiences, focusing on the developmental, social and recreational needs of all children.

We aim to enrich the children's lives by introducing to them life skills, knowledge and experiences that go beyond their school learning.

We believe children learn best when there is a positive and supportive relationship between educators and parents.

Hello and Welcome!

Hi My name is Litsa Frazis, the supervisor of Wagaman OSHC. I completed my Diploma in Early Childhood Education And Care in 2020 and have more than 5 years of collective experience working across all ages of children ranging from transition students, all the way up to year 12 students.

With a genuine commitment to ensure that each child has a great fun packed day, every day that they are here, I foster an environment of mutual respect, and a creative approach to learning, I ensure to integrate a lot of outdoor activities into my programming so that children feel happy, have various collaborative activities with their friends, and also learn valuable life skills.

What we Offer

Our program is fun, inclusive and strikes a balance of rest/relaxation, free-time and organised activities. The environment is designed to be inviting and interactive, offering a wide range of developmentally appropriate activities that appeal to children of all ages and interests.

Vacation Care

Our Vacation care program operates throughout the school holidays and offers exciting incursions and excursions.

The basis of our Vacation Care service is for the children to enjoy their holiday. We aim to provide the children with adequate free time for unstructured, self-directed play as well as time for structured activities to meet individual and group needs.

For more information please see the program published 1 month prior to each vacation care period.
