

Welcome to Child Australia Gray OSHC

OSHC and Vacation Care

Our Philosophy

At Child Australia Gray OSHC, we are committed to creating a welcoming, safe and inclusive environment where all children are supported to grow, thrive and reach their full potential.

Guided by Child Australia's vision and mission, we prioritise children's wellbeing, learning and development through meaningful relations and engaging experiences.

Aligned with Gray Primary School's values we promote a play and leisure environment which fosters confident, organised and resilient children who persevere through challenges, build positive relationships with others, and grow into respectful global citizens.

Hello and Welcome!

Hello! My name is Judy, the supervisor of Child Australia Gray OSHC. At Child Australia, our goal is to provide a safe and comfortable environment for children at our service.

During service hours, educators implement activities for children to participate in. Children are encouraged to share activity ideas they'd like to see implemented in the program.

Educators write on a program board of activities implemented and requested by children, so we are able to see what children

have played and activities they are interested in. We accommodate children with special needs and medical conditions, and ensure staff are knowledgeable.

At Gray we are like family, and everyone looks out for everyone each child has there personality that shines through!

What we Offer

Our program is fun, inclusive and strikes a balance of rest/relaxation, free-time and organised activities. The environment is designed to be inviting and interactive, offering a wide range of developmentally appropriate activities that appeal to children of all ages and interests.

Vacation Care

Our Vacation care program operates throughout the school holidays and offers exciting incursions and excursions.

The basis of our Vacation Care service is for the children to enjoy their holiday. We aim to provide the children with adequate free time for unstructured, self-directed play as well as time for structured activities to meet individual and group needs.

For more information please see the program published 1 month prior to each vacation care period.
