Meet our Centre Director!

Hello and welcome! My name is Peta Carroll.

As the Director of Child Australia Landsale Campus, I'm delighted to welcome you to our vibrant early learning community. With 20 years of experience in the early childhood space, I have worked across various roles and as the centre leader, I provide every child the best possible start in life. I believe in creating inclusive and engaging environments where children and families feel safe and supported whilst committing to high quality care.

I love working alongside our dedicated team of educators to deliver engaging programs that represent each child's individual interests and strengths. These programs are guided by the National Quality Standard (NQS) and the Early Years Learning Framework (EYLF).

Building strong, trusting relationships with families and the community is the foundation of what we do. I recognise that families are a child's first educator and together with a committed team of early childhood educators we will work together to achieve and support your child's learning and wellbeing development.

Our Rooms and Age Groups

We offer six spacious learning rooms for children aged 0–5 years, with environments intentionally planned to respond to individual interests, strengths and stages of development.

Our curriculum is meaningful, play-based and connected to children's real lives, supporting curiosity, confidence and a love of learning.

ROOM NAME	AGE GROUP
Room 1	Nursery - 0 to 1 year old
Room 2	Nursery 2 - 1 to 2 years
Room 3	Toddlers - 2 to 3 years
Room 4	Toddlers - 2 to 3 years
Room 5	Pre-Kindy - 3 to 4 years
Room 6	Kindy - 4 to 5 years

What we Offer

Story updates of your child via our Learning Experience Platform

A high-quality curriculum within each room, including a School readiness program

Check out our Menu!

Morning Tea, Lunch, Afternoon Tea & Late Snack *based on the Australian Government Healthy Eating Guidelines*

No added charge for incursions and excursions

Check out our play spaces!

Our Menu

Our dedicated Food Coordinator is a qualified and experienced chef. The chef creates daily fresh meals using fresh local produce every day, which meets each child's recommended daily nutritional intake.

The example menu is based on the Department of Health Initiative's standard as listed on 'Feed Australia'.

We value healthy eating!

	MON	TUES	WED	THURS	FRI
Morning Tea	Cereal with Milk	Scrambled Eggs on Toast	Porridge with Apple Slices and Honey, Glass of Milk	Fruit Salad with Yoghurt	Banana Pancakes, Glass of Milk
Lunch	Tuna Mornay with Pasta	Beef Stroganoff with Greens and Pasta	Roast Chicken with Veggies and Gravy	Spaghetti Bolognaise	Veggie Frittata
Afternoon Tea	Fruit Platter with Cheese and Dip	Veggie Pizza Scrolls	Fruit Platter with Cheese and Dip	Muffins and a glass of Milk	Fruit Platter with Cheese and Dip
Late Snack	Rice Crackers or Cruskits				

Every child's individual dietary requirements are catered for, and alternatives are prepared.

We try and make all meals look the same, so no child feels excluded.

Child Australia Landsdale Early Learning

Child Australia Landsdale Early Learning is a **family-focused early learning community**, supporting children and families across Landsdale and surrounding communities. We value strong relationships, open communication and a shared sense of belonging, creating a welcoming place where families feel confident, supported and connected from their very first day.

Our centre is **purpose-built and thoughtfully designed to feel calm, comfortable and homely**, providing children with safe and nurturing spaces that support learning through everyday experiences. Each environment has been carefully considered to reflect a home-like atmosphere while meeting the developmental needs of young children.

Our **culturally diverse and experienced team of educators** bring a wide range of knowledge, culture, language and professional expertise. This diversity enriches children's learning, supports inclusive practice, and helps every child feel seen, valued and understood.

Our **large outdoor learning spaces** have been thoughtfully designed with native plants, natural elements and a water feature, creating calming, sensory-rich environments where children can explore, move and connect with nature. Through active play, discovery and sustainable practices embedded into daily routines, children develop physical capability, independence and an understanding of caring for the natural world.

At Child Australia Landsdale Early Learning, we are committed to creating an environment where **children feel a strong sense of belonging**, develop secure relationships, and grow as confident, capable and engaged learners - supported by a community that truly values families.

Our Philosophy

Child Australia Landsdale Early Learning's philosophy meets these requirements and makes a corresponding series of commitments to parents and families:

Underpinned by the United Nations Convention on the Rights of the Child, our philosophy is to include all children in our Early Learning Centre and make a positive contribution to their future success by delivering high quality education and care.

We acknowledge that contemporary research has made explicit the connection between the quality of relationships in children's early years and their future positive cognitive and social development.

We are responsive to children's needs and initiate positive engagement with their families to develop trust and respect to strengthen collaborative relationships.

We recognise the importance in working in partnership with families and that this enhances better outcomes for their children.

We recognise the importance of quality early childhood education and care practices and settings and acknowledge this is a priority in providing children with stimulating play experiences and learning environments which will positively enable all children to develop to their full potential.

We plan stimulating indoor and outdoor environments based on play, children's strengths and interests that support all aspects of children's learning and provoke exploration, intrigue and discovery as this promotes opportunities for sustained and collaborative learning.

We work in partnerships with children, families and the community to develop and plan a curriculum that supports a child's sense of belonging, being and becoming.
